

# GAJ OS Bulwark 4.32

## Release Notes

Build V4.32 dc/nu Series | Aug. 2023

[Click Here For More Info](#)

**GAJSHIELD**

### Enhancement:

1. Optimized the single interface restart process.

### Bug Fixes:

1. Fixed an issue where after syncing the license, it didn't replicate on the show license tab.
2. Fixed the single interface restart issue on IPv6.
3. Fixed issue where all routes for existing VLAN got cleared on modifying it.
